Audrey Primoizic's Legacy Continues!

WHY OVER 80% OF HOME BUYERS PURCHASE EXISTING HOMES...

THE PURCHASERS OF EXISTING HOMES SEE AND KNOW THE QUALITY OF WHAT THEY ARE BUYING AND THEY:

1. Avoid the time and hassle of dealing with the builder and their sub-contractors, especially given the current shortage of quality sub-contractors.
2. Move into their home of choice on a more reasonable schedule... (there are calendar months and then there are builder's months).
3. Avoid working with a year long punch-out list of fixes.
4. Gain the advantage of selecting from established known communities to live in.
5. Acquire usually at a reduced cost (\$, Time and Frustration) all the upgrades the previous owners have already painstakingly added such as:
 - Mature Landscaping, Fences, Pools, Hot Tubs, Decks, Sheds
 - Finished Basements, Additions, Screened Porches
 - Recreation Rooms, Built-In Entertainment Centers, Wet Bars, Etc.
 - Upgraded Kitchens, Baths, Window Treatments

As the interior was being painted and after heavy rain, water infiltration was observed in the back wall of the lower-level bathroom. Upon further investigation it was determined that when the deck was installed flashing of the band/ledger board was missing resulting in damage to part of the band/ledger board and a few floor joists.

The repair required a structural building permit from the county and an approved final inspection report both of which are included with this disclosure.

**RE: 11528 Dragonfire Way
water infiltration**

Dear Mr. Naghibi,

Per your request, we visited the existing basement plus one floor single family house located at 11528 Dragonfire Way in Germantown, Maryland on May 28, 2025. The purpose of our visit was to evaluate the structural adequacy of the existing rear foundation wall that partially allowed water infiltration. Our visual, non-destructive observations were limited to the exposed areas. The water infiltration seems to have occurred in the vicinity of the rear deck ledger area. We understand that the water infiltration was discovered on May 11, 2025 and that the temporary waterproofing was provided on May 12, 2025. Please find below pictures of the existing house and the affected areas. Also, please find attached the proposed structural repair plans and temporary shoring.

We noticed that the existing foundation wall is an English basement made out of concrete at its lower part, and 2x4@16" on center studs extending from the top of the concrete wall to the wall top plates above. The 2x4 studs were exposed and we could observe that the damage occurred in the area clouded on drawing 2/S-110 attached. We also noticed that the existing wall top plates and rim board (in the clouded area) were damaged due to the water infiltration. It also appears that the upper floor plywood located in the vicinity of this area was affected by the water infiltration. At the time of our visit, it was raining and no water was infiltrating in the house.

We recommend that the damaged studs, wall top plates, rim board and plywood be replaced with new ones. We also recommend that the affected floor joists be sistered in kind. The exterior wall siding will also need to be removed and re-installed after the work is completed. Prior to commencing work, temporary shoring should be installed per the attached sheets S-110 and S-120. We also recommend that approximately 3 feet of the deck be removed and reframed to facilitate the work. A company specialized in waterproofing should be hired to ensure the water

ADDENDUM # _____ dated _____ to the Contract of
Sale between Buyer
and Seller Yovita Hadisurya
for the Property known as 11528 Dragonfire Way, Germantown, MD 20876

NOTE: This notice does not apply to: (1) the initial sale of single family residential property which has never been occupied, or for which a certificate of occupancy has been issued within one year prior to the date of the Contract; (2) a transfer that is exempt from the transfer tax under Subsection 13-207 of the Tax-Property Article, except land installments contracts of sale under Subsection 13-207(a)(11) of the Tax-Property Article and options to purchase real property under Subsection 13-207(a)(12) of the Tax-Property Article; (3) a sale by a lender or an affiliate or subsidiary of a lender that acquired the real property by foreclosure or deed in lieu of foreclosure; (4) a sheriff's sale, tax sale, or sale by foreclosure, partition or by court appointed trustee; (5) a transfer by a fiduciary in the course of the administration of a decedent's estate, guardianship, conservatorship, or trust; (6) a transfer of single family residential real property to be converted by the buyer into a use other than residential use or to be demolished; or (7) a sale of unimproved real property.

Section 10-702 of the Real Property Article of the Annotated Code of Maryland ("Section 10-702") requires that a seller of a single family residential property ("the property") deliver to each buyer, on or before entering into a contract of sale, on a form published and prepared by the Maryland Real Estate Commission, **EITHER:**

- (A) A written property condition disclosure statement listing all defects including latent defects, or information of which the seller has actual knowledge in relation to the following:
- (i) Water and sewer systems, including the source of household water, water treatment systems, and sprinkler systems;
 - (ii) Insulation;
 - (iii) Structural systems, including the roof, walls, floors, foundation and any basement;
 - (iv) Plumbing, electrical, heating, and air conditioning systems;
 - (v) Infestation of wood-destroying insects;
 - (vi) Land use matters;
 - (vii) Hazardous or regulated materials, including asbestos, lead-based paint, radon, underground storage tanks, and licensed landfills;
 - (viii) Any other material defects, including latent defects, of which the seller has actual knowledge;
 - (ix) Whether the smoke alarms:
 - 1. will provide an alarm in the event of a power outage;
 - 2. are over 10 years old; and
 - 3. if battery operated, are sealed, tamper resistant units incorporating a silence/hush button and use long-life batteries as required in all Maryland homes by 2018; and
 - (x) If the property relies on the combustion of a fossil fuel for heat, ventilation, hot water, or clothes dryer operation, whether a carbon monoxide alarm is installed on the property.

"Latent defects" under Section 10-702 means material defects in real property or an improvement to real property that:

- (i) A buyer would not reasonably be expected to ascertain or observe by a careful visual inspection, and
- (ii) Would pose a threat to the health or safety of the buyer or an occupant of the property, including a tenant or invitee of the buyer;

OR

- (B) A written disclaimer statement providing that:
- (i) Except for latent defects of which the seller has actual knowledge, the seller makes no representations or warranties as to the condition of the real property or any improvements on the real property; and
 - (ii) The buyer will be receiving the real property "as is," with all defects, including latent defects, that may exist, except as otherwise provided in the contract of sale of the property.

At the time the disclosure or disclaimer statement is delivered to you ("the buyer"), you are required to date and sign a written acknowledgement of receipt on the disclosure or disclaimer statement which shall be included in or attached to the contract of sale.

Section 10-702 further provides that a buyer who receives the disclosure or disclaimer statement on or before entering into a contract of sale does not have the right to rescind the contract based upon the information contained in the disclosure or disclaimer statement.

You are hereby notified that, in certain circumstances, you have the right to rescind your contract with the seller if the seller fails to deliver to you the written property condition disclosure or disclaimer statement. Section 10-702 provides that a buyer who does not receive the disclosure or disclaimer statement on or before entering into the contract has the unconditional right, upon written notice to the seller or seller's agent:

- (i) To rescind the contract at any time before the receipt of the disclosure or disclaimer statement or within 5 days following receipt of the disclosure or disclaimer statement; and
- (ii) To the immediate return of any deposits made on account of the contract.

Your right to rescind the contract under Section 10-702 terminates if not exercised before making a written application to a lender for a mortgage loan, if the lender discloses in writing at or before the time application is made that the right to rescind terminates on submission of the application or within 5 days following receipt of a written disclosure from a lender who has received your application for a mortgage loan, if the lender's disclosure states that your right to rescind terminates at the end of that 5 day period.

Your rights as a buyer under Section 10-702 may not be waived in the contract and any attempted waiver is void.

Your rights as the buyer to terminate the contract under Section 10-702 are waived conclusively if not exercised before:

- (i) Closing or occupancy by you, whichever occurs first, in the event of a sale; or
- (ii) Occupancy, in the event of a lease with option to purchase.

The information contained in the property condition disclosure statement is the representation of the seller and not the representation of the real estate broker or sales person, if any. A disclosure by the seller is not a substitute for an inspection by an independent professional home inspection company. You should consider obtaining such an inspection. The information contained in a disclosure statement by the seller is not a warranty by the seller as to the condition of the property of which condition the seller has no actual knowledge or other condition, including latent defects, of which the seller has no actual knowledge. The seller is not required to undertake or provide an independent investigation or inspection of the property in order to make the disclosures required by Section 10-702. The seller is not liable for an error, inaccuracy or omission in the disclosure statement if the error, inaccuracy or omission was based upon information that was not within the actual knowledge of the seller or was provided to the seller by a third party as specified in Section 10-702(i) or (j).

You may wish to obtain professional advice about the property or obtain an inspection of the property.

The undersigned buyer(s) and seller(s) acknowledge receipt of this notice on the date indicated below and acknowledge that the real estate licensee(s) named below have informed the buyer(s) and the seller(s) of the buyer(s)' rights and the seller(s)' obligations under Section 10-702.

Radon test results are below the EPA action level of 4 pCi/L. The EPA suggests that you may want to test again in the future to ensure that radon levels remain below the action level. If the property tested uses water from a private well, you may wish to consider testing for radon in water.

Radon Health Risk Information

Radon is the second leading cause of lung cancer after smoking. The U.S. Environmental Protection Agency (EPA) and the Surgeon General strongly recommend that further action be taken when a home's radon test results are 4 pCi/L or greater. The national average indoor radon level is about 1.3 pCi/L. The higher the home's radon level, the greater the health risk to you and your family. Reducing your radon levels can be done easily, effectively and fairly inexpensively. Even homes with very high radon levels can be reduced below 4 pCi/L. Please refer to the EPA web site at www.epa.gov/radon for further information to assist you in evaluating your test results or deciding if further action is needed. Note that the EPA recommends retesting for Radon if the building conditions change. This can include, but is not limited to, door/window replacement, installation of weather stripping &/or insulation, replacement of utility mains, changes to the heating or cooling system, development of foundation cracks, installation of vent fans, and installation of a wood or pellet stove. Additionally, We do not have access to reliable weather data specific enough to determine if neighborhood rainfall and wind thresholds established by EPA were exceeded during the testing period. In cases of radon average results above 4 pCi/L where sustained winds above 30 mph or rainfall exceeding 1" accumulation occur during a 48 hour test, the EPA recommends re testing to confirm results. Consent for Dual Agency

(In this form, the word "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease")

When Dual Agency May Occur

The possibility of Dual Agency arises when:

- 1) The buyer is interested in a property listed by a real estate broker; and
- 2) The seller's agent and the buyer's agent are affiliated with the same real estate broker.

Important Considerations Before Making a Decision About Dual Agency

A broker or the broker's designee, acting as a dual agent does not exclusively represent either the seller or buyer; there may be a conflict of interest because the interests of the seller and buyer may be different or adverse. As a dual agent, the real estate broker does not owe undivided loyalty to either the seller or buyer.

Before the buyer and seller can proceed to be represented by a broker acting as a dual agent, they must both sign Consent for Dual Agency. If the buyer has previously signed this Consent for Dual Agency, the buyer must **affirm** the buyer's consent for the purchase of a particular property before an offer to purchase is presented to the seller. If the seller has previously signed Consent for Dual Agency, the seller must **affirm** the seller's consent for the sale of the property to a particular buyer before accepting an offer to purchase the property. The **affirmation** is contained on Page 2 of this form.

Your Choices Concerning Dual Agency

In a possible dual agency situation, the buyer and seller have the following options:

1. **Consent in writing to dual agency.** If all parties consent in writing, the real estate broker or the broker's designee (the "dual agent") shall assign one real estate agent affiliated with the broker to represent the seller (the seller's "intra-company agent") and another agent affiliated with the broker to represent the buyer (the buyer's "intra-company agent"). Intra-company agents are required to provide the same services to their clients that agents provide in transactions not involving dual agency, including advising their clients as to price and negotiation strategy.
2. **Refuse to consent to dual agency.** If either party refuses to consent in writing to dual agency, the real estate broker must terminate the brokerage relationship for that particular property with the buyer, the seller, or both. If the seller terminates the brokerage agreement, the seller must then either represent him or herself or arrange to be represented by another real estate company. If the buyer terminates the brokerage agreement the buyer may choose not to be represented but simply receive assistance from the seller's agent, from another agent in that company, or from a subagent from another company. Alternatively, the buyer may choose to enter into a written brokerage agreement with a different company.

Duties of a Dual Agent and Intra-Company Agent

Like other agents, unless the client gives consent to disclose the information, dual agents and intra-company agents must keep confidential information about a client's bargaining position or motivations. For example, without written consent of the client, a dual agent or intra-company agent may not disclose to the other party, or the other party's agent:

- 1) Anything the client asks to be kept confidential; *
- 2) That the seller would accept a lower price or other terms;
- 3) That the buyer would accept a higher price or other terms;
- 4) The reasons why a party wants to sell or buy, or that a party needs to sell or buy quickly; or
- 5) Anything that relates to the negotiating strategy of a party.

* Dual agents and intra-company agents must disclose material facts about a property to all parties.

How Dual Agents Are Paid

Only the broker receives compensation on the sale of a property listed by that broker.

If a financial bonus is offered to an agent who sells property that is listed with his/her broker, this fact must be disclosed in writing to both the buyer and seller.

Consent for Dual Agency

I have read the above information, and I understand the terms of the dual agency. I understand that I do not have to consent to a dual agency and that if I **refuse** to consent, there will not be a dual agency; and that I may withdraw the consent at any time upon notice to the dual agent. I hereby **consent** to have
